Fred Blanco's THE STORIES OF CESAR CHAVEZ

From award winning solo-performer Fred Blanco, comes this dramatic portrayal of the civil rights activist and labor leader Cesar Chavez. Blending fact and fiction, this bilingual piece offers a dramatic look at the California farmworker struggle of the 1960's. During his fast in 1968 we see Cesar embark on a spiritual journey with La Virgen de Guadalupe to revisit his past. From youthful zootsuiters and peasant farm workers, to racist teamsters and angry radicals the audience gets a glimpse of a man and his struggle for equality through their eyes and a compelling host of others.
